

Municipal campaigns still run on **paper**.

Yours doesn't have to. Doors, endorsements, signs and dollars captured on your phone at the door — not copied off paper three days later.

Every door

in your municipality

0 bars

still logs the door

Form 4

filled as you go

01 Where you've been, and where to go next

Every street ranked by doors, electors and how much of it you've covered — so the next night out goes where the votes are.

02 Supporters who'll say so publicly

Ask at the door whether they'll be named, and take the photo there — each with its own recorded permission.

03 Where you stand against the limits

Every contribution against the \$1,200 cap, every dollar against your limit. Filing late costs you the seat until after 2030.

04 The doors with no signal

Knock a back concession with no bars and log it anyway. It saves on your phone and uploads when you're back in range.

■ WHAT'S INSIDE

At the door

Walk lists, knocks, endorsements, photos, follow-ups

On the map

Doors knocked, turf, lawn-sign run sheet

Money

Limits, receipts, Form 4 and its schedules

People

Volunteers, shifts, events, consented bulk texts

Several candidates in one town? They share the voters' list and nothing else — support, donors and consent stay sealed from every other campaign.
